Experience the sunny mediterranean lifestyle.

Unique Location

Historical Excursions

Outdoor Space

Social Space for Activities

Adventure Activities

Wifi Available

Course Details

The English for Academic Purposes (EAP) program at the American University of Malta (AUM) is designed to help students who do not meet the required level of English proficiency to study for an Undergraduate and or Graduate Degree program. Upon successful completion of their EAP program, students can then enrol in their chosen program of study.

Our EAP teachers provide thorough guidance for students to develop their fluency and accuracy in Speaking, as well as Writing thus the EAP students are prepared to express themselves eloquently and powerfully. Students work on their Listening and Reading skills so that they can study or work comfortably in a native English speaking, academic environment. EAP program introduces various note taking and study methods and prepares for conducting research in English.

Learning Information

- Multi-National Classes
- Max. Seats in Class: 15
- Use of Academic book & other materials
- Placement test on first day
- Certificate at the end of Course

ACTIVITIES & SCHEDULE

ACTIVITIES

Malta has some truly unique features. It's landscapes, perfect climate, crystal blue lagoons and beaches, historical places and artifacts which goes back to the stone age, makes it perfect for activities and fun.

EXCURSIONS

Excursions are an important part of the school curriculum as they enable students to explore, extend and enhance one's learning, together with social skills development in a non-academic setting which powerful information intake takes place in the real world.
