Policy:

It is the policy of the American University of Malta (AUM) that policies and procedures are to be developed, formatted, approved, issued and maintained in a consistent manner, with the engagement of appropriate University personnel, and be made widely available to the University community to enhance compliance and advancement of the University's mission.

Individuals engaged in developing and maintaining University policies and/or procedures must follow the requirements, outlined in the Development and Amendment Process, for drafting, revising, approving and promulgating University policies and/or procedures.
